

**Publication of Final Preliminary Documentation under Section 95B(4) of the *Environment Protection and Biodiversity Conservation Act 1999***

**Jellinbah Coal Mine - Central North Extension, Queensland (EPBC 2018/8139)**

**Publication of Final Preliminary Documentation**

Jellinbah Group Pty Ltd proposes the Jellinbah Coal Mine Central North Extension (EPBC 2018/8139). The purpose of the proposed Project is to extend approved mining activities at the Jellinbah Coal Mine further to the east and expand the area available for spoil dumping and topsoil placement. No changes to the currently approved mining methods or production rates are proposed. The proposed action is located approximately 30km north-east of Blackwater, Qld.

The proposed action has been referred under the *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act) and determined to be a “controlled action” under the EPBC Act to be assessed on Preliminary Documentation. The controlling provisions under the EPBC Act are:

- Listed threatened species and communities (sections 18 & 18A); and
- A water resource, in relation to coal seam gas development and large coal mining development (sections 24D & 24E)

Public comment was sought from 10 January 2020 to 23 January 2020. No public comments were received during this period, and the period for public comment is now closed.

Pursuant to Section 95B(4) of the EPBC Act, the final preliminary documentation is now available for viewing in hard copy at the following locations:

**Blackwater Regional Library**  
14 Wey St, Blackwater, QLD, 4717

**Department of Environment and Science**  
99 Hospital Road, Emerald, QLD, 4720

The final documents can also be viewed or downloaded free of charge at the following website:

**Jellinbah Group**  
<http://www.jellinbah.com.au/public-notice/>

The final preliminary documentation is available for viewing for 10 business days from Monday 3<sup>rd</sup> February 2020 until 5:00pm (AEST) Friday 14<sup>th</sup> February 2020.
